In this video, I talk about the difference between the Tropical and Sidereal My Magazine Website â—» Want to learn This video explains the concept of Kundli (What if Venus and Jupiter aren't here to make your life easy... but to make you grow? In Part 3 of this series, we explore the two ... The main difference between Tropical and Sidereal is the way the zodiac is calculated. Tropical zodiac is based on the Earth's tilt and the seasons, while Sidereal zodiac is based on the fixed stars. This means that the Tropical zodiac is always aligned with the seasons, while the Sidereal zodiac is not. This can lead to significant differences in the interpretation of a birth chart, especially when it comes to the timing of events and the nature of the planets. For example, a planet that is in the Tropical zodiac at the time of birth may be in a different sign in the Sidereal zodiac, which can change the meaning of the planet in the chart. This is why it is important to understand the difference between the two systems and to use the one that is most appropriate for the situation.
